

MARK GIL DOTILLOS

Sr. Application System Engineer | Enterprise Solutions Architect

Lipa City, Batangas • (+63) 988 483 8815 • kramlig.dotillos@gmail.com

PROFESSIONAL SUMMARY

Results-driven Sr. Application System Engineer with over 10 years of hands-on experience in enterprise system development, cloud infrastructure, and technical consulting. I specialize in building scalable solutions and standardizing DevOps practices that reduce complexity and accelerate delivery. From automating government billing systems to architecting multi-tenant school platforms, I bring a builder's mindset to every engagement — bridging business needs with reliable, well-architected technology.

CORE COMPETENCIES

Languages & Frameworks: Java • PHP • COBOL • Spring Boot • Codelgniter • React • TypeScript
Database & Data: MySQL • PostgreSQL • Redshift • Firestore • ETL (Talend/Spoon)
Cloud & DevOps: AWS • Azure (AZ-900) • Firebase • Infrastructure Automation • CI/CD
Analytics & BI: Power BI • Spago BI • Business Intelligence
AI-Augmented Dev: GitHub Copilot • AI-assisted code generation, review & architecture

PROFESSIONAL EXPERIENCE

Sr. Application System Engineer / Consultant

Jun 2022 – Present

FUJITSU PHILIPPINES INC., Taguig City

- Spearhead INFRA Standardization initiative — enterprise-wide cloud infrastructure and DevOps standards, upskilling teams across organizational units
- Led IPv3 Conversion project — seamless transition from legacy infrastructure with zero downtime impact
- Drive business analysis, system architecture, and technical documentation for enterprise clients

Key: Reduced deployment cycle time by 40% through infrastructure automation; DevOps framework adopted across 5+ business units

Application System Engineer / Consultant

Mar 2021 – Jun 2022

FUJITSU PHILIPPINES INC., Taguig City

- Architected JKA 2021 & 2022 automated application testing systems — reduced processing time by 35%
- Developed JDI Microservices platform supporting 1,000+ concurrent users with high scalability
- Designed comprehensive automated testing frameworks and microservices infrastructure

Senior Web Developer

Jun 2018 – Feb 2021

INTERCOMMERCE NETWORK SERVICES, Makati City

- Engineered Electronic Billing Payment System for SBMA — reduced billing errors by 60%
